

SCHOOL FEES 2018

As TISOL is owned and operated by The International Education Agency of Papua New Guinea, it is solely dependent upon its tuition fees to fund school programs.

School Fees can be paid on an annual basis or a term by term basis.

It is IEA policy that a fee payment is received prior to a student commencing a new school year.

While the school is directed to strictly adhere to this policy, parents do have the option of discussing individual circumstances with the principal so that a student can continue his or her education program in the event that and so that it can be assured that the fees for this program will be paid.
